

Redefining **Excellence** in **Education**

ABOUT GEETANJALI UNIVERSITY

Geetanjali University (GU) dwells in Udaipur, Rajasthan, besieged by the range of Aravalli Hills. Founded by Shri J.P. Agarwal in the year 2011 with a vision to promote Quality Education and Excellence in Research amalgamated with robust Value Systems, which shall lay a strong foundation for the Next Generation of our Country and make the World a far better place through Individual contribution.

Geetanjali University started with the aim to create the most advanced models of teaching in Undergraduate and Post-graduate Medical Education in the entirety of its clinical and Non Clinical branches to exhibit an extraordinary standard of Medical Education in the country. The goal remains to continue to execute the highest standard of teaching and training of individuals in all the fields of Medical Science.

OUR INSTITUTIONS

IMPARTING EDUCATION, ENHANCING HEALTH

Education is a step forward towards excellence and we believe health deserves nothing less than the excellent.

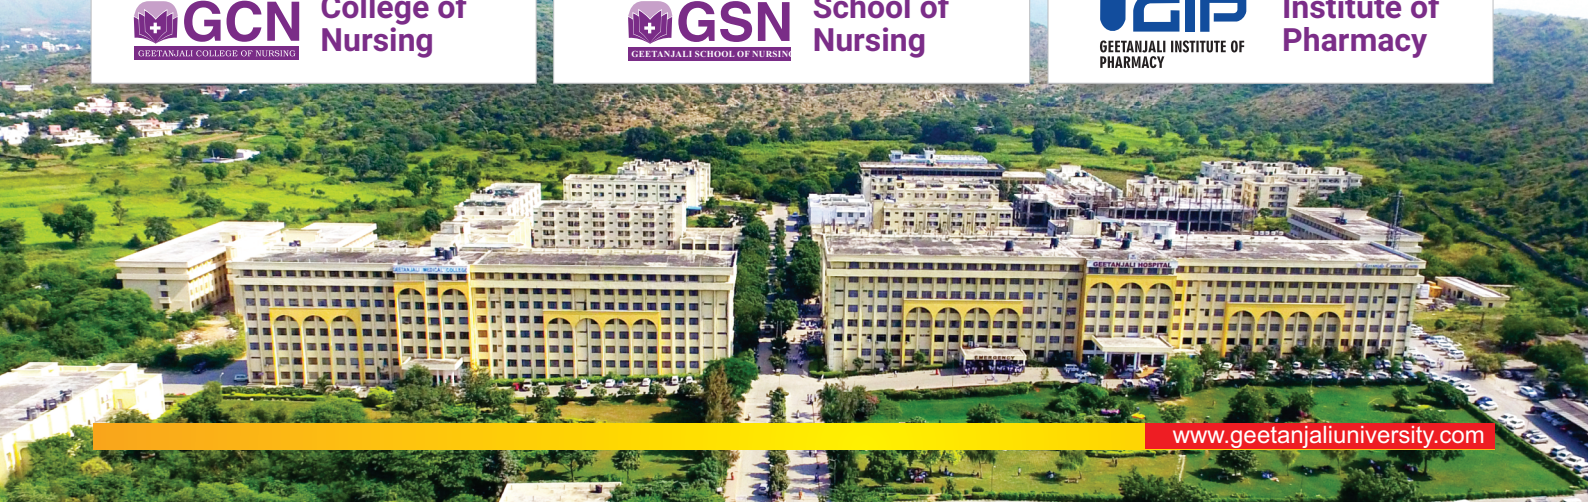

KNOW MORE ABOUT THE UNIVERSITY

The University is spread over sprawling 50 acres and has all the modern facilities and updated infrastructure. Over the years Geetanjali University has been providing a high quality of education under one roof in the field of Healthcare, Dentistry, Nursing, Physiotherapy, Pharmacy and allied Medical Services.

Geetanjali University offers a wide range of Under Graduate and Postgraduate and Doctorate Courses. The association with the Geetanjali University provides an Opportunity to ensure growth and success of Individuals. The management team of the University hires highly qualified and skilled professionals to impart high-quality education to the students.

The faculty uses all the latest technologies, case studies and study materials which further leads to the holistic development of the students. It is our pleasure to welcome our Students of Future Generation. It will give us immense satisfaction to teach and train them through various Multi-Disciplinary courses.

It's a gratification to us at Geetanjali University as our Students continues to bring remarkable contribution in the field of medical science.

Teaching Methodology

Geetanjali University has a well planned methodology of teaching their students in the best possible way. Geetanjali University has the class rooms and lecture halls well equipped with modern audio visual amenities to let the students understand their subjects in a visualize form.

Laboratories are well equipped with all modern facilities including models, dummies and latest machineries for doing practical. Dedicated faculties are there for guiding the students for proper use of resources. A well equipped Central Research Lab is provided for both UG and PG Students and Faculties for handling research projects. CME's and academic lectures are conducted from time to time. Students are involved in Social Events and participate with zeal to acquire knowledge in all areas of medical education. Hands on training, clinical postings and practices are adopted to teach them.

Students are motivated to present their own findings in terms of research and development and those are being presented by them in form of seminars conducted frequently. Students are handing some ongoing research projects and some of them are selected and recognized nationally and internationally. Different institutes under GU conduct Industrial tours for students to make them understand the industrial practices. Students are also being taken for visits to rural areas where they are providing knowledge to the locals regarding medical practices, proper use of drugs, prevention from diseases and to overcome their illness. Eminent faculties and guest lecturers are invited from various states and countries for knowledge sharing and enlighten our students.

Student Support

Geetanjali University was established with a student oriented approach in their mind and it is their prime motto to satisfy the students getting enrolled with them.

The students at GU have to be morally satisfied, physically fit, mentally balanced and internally growing. To make sure of it the management team of Geetanjali leave no stone unturned and makes all possible efforts to do the same. Students are morally supported here in Geetanjali and this is why they are happy to be a part of the University.

The faculty takes care of the students' academic stabilities and helps them to grow better day by day. Special attention is paid to the students who are average or below average in studies. It assures them of getting good score in their examination and hence results in a better future. Internal placements take place in the institutes and those who are extremely talented and display their talents during their course are absorbed by the Geetanjali Hospital itself. But the management makes sure that those who don't get the opportunity are given proper guidance so that they can do well in their career as well outside GU.

Other than this, the students are also allowed to talk anything with their teachers and discuss their matters with them to get proper advice for every situation. The teachers also welcome such students and treat their issues with sheer seriousness and importance. Hence those who pass out from GU come out to become a better human being with all the aspects of humanity.

CAMPUS LIFE

At Geetanjali University, the students who get enrolled in any of the course are welcomed as a part of an extended family. The students are given the utmost importance. The management considers it to be their own responsibility to shape, mold and structure the lives of their students..

The students are provided with all the possible facilities they can require to have a memorable life during their graduation or post graduation period. The lifestyle led by the students here at GU is majorly an impact of the environment they find here.

The students get facilities like world class infrastructure, Hi-tech classrooms, lecture halls, fully audio-visually equipped auditoriums, libraries, sports facilities, health care centers, etc. The students are backed up with the support of their respective teachers at every point and anytime. The faculty also are dedicated and committed towards their work. For the students it is always an environment of second home. Those who are

outstation students never feel homesick because they get a homely environment even in their hostels.

The life of every Geetanjali student is worth admiring as they get the proper guidance, help, advice and facilities anyone can require at this stage of life. Strong emphasis is given on holistic development of the students and hence no stone is left unturned by the management to ensure the same. The students are allowed and free to involve in various co curricular activities like sports, stage shows, dramas, debates, quizzes or any other social activities. All these programs help the student to grow mentally, physically and internally as well apart from educational growth..
